

A modern, cozy living room interior. The room features a grey modular sofa with several patterned and solid-colored throw pillows. In front of the sofa is a low, wide wooden coffee table with a natural finish, holding a small potted plant, a white vase, and some decorative objects. Two brown leather ottomans sit in front of the coffee table. To the right, there are two brown leather armchairs with metal frames and patterned pillows. A tall, thin potted plant stands near the armchairs. A large, arched floor lamp with a brass finish is positioned behind the armchairs. The room has a light-colored wall with a long, narrow window above the sofa. To the left, there is a glass door and a small wooden side table with a plant. The floor is covered with a light-colored, textured rug. The overall atmosphere is warm and inviting.
